Re: Docket #98P-1194

To Whom It May Concern:

I urge the FDA to follow Canada's thoughtful ruling, and rescind approval of use of rBGH in the United States.

I understand the Center for Food Safety has legally petitioned you to do so. Should they decide that, to protect all of us, it is necessary to go to court, I will be one of their supporters. Fighting their suit seems as though it would be an unnecessary and undignified use of taxpayers' money.

Please exercise your appropriate mandate, and place the health of the consumer above the health of Monsanto's bottom line.

Thank you for your time.

Sincerely ,

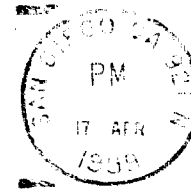

Catherine Ralston
